

I can see how deeply I am loved by God from how he created things to be and his rescue plan.

I can become more aware of the brokenness in our world.

Creation

Fall

God's creation meets all of our needs.

There is brokenness (sadness, hurt, problems) in our world.

Redemption

Restoration

God saved our world by giving His son Jesus Christ, who died for us, rose again, and came to serve others.

God has a plan and we all have a role to play in helping restore His world.
