Positive Peace Poster

The way we use our words can create peace!

Where do you see proof of that on World Vision's website?

Goal: Design a poster that explains how World Vision's work has positively shared the story of someone else. This can be based on an article, or about your sponsored child.

Poster should have the following components:

1. Title
2. Explanation of topic or focus of World Vision's work
3. How does this story build more peace (instead of conflict)?
4. Graphic: comic strip, strong symbols, or powerful illustration that supports text

Reflecting Questions

What did you find most fascinating about the focus of World Vision's work you reviewed?

How can you apply some of the skills you read about today in your community or daily life?
