**Peace Poetry Drafting Plan**

*Step One: Through our work, we have seen that words have power within communities. Brainstorm in the space below powerful, meaningful, or expressive words and phrases that could be used in your free verse poem about peace, trust, and restorative work in God's kingdom. How will your poem serve the community and model peacemaking? What words would best reach our community where our poems will be displayed?*

<b><u>Worthwhile Adjectives</u></b> - describe a noun	<b><u>Worthwhile Adverbs</u></b> - describe a verb
<b><u>What does peace look like?</u></b>	<b><u>What does peace sound like?</u></b>
<b><u>What does peace feel like?</u></b>	<b><u>What does peace "taste" or "smell" like?</u></b>

Step Two: Figurative language is a powerful way to convey a message. Brainstorm two examples for each of the figurative language types to discuss in small groups.

<b><u>Metaphor</u></b> - <i>explains              figuratively              without using like or as</i>	
<b><u>Simile</u></b> - uses <i>like</i> or <i>as</i>	
<b><u>Personification</u></b> <i>- an idea or              object acts like              a person</i>	
<b><u>Onomatopoeia</u></b> - <i>imitates a              sound</i>	
<b><u>Hyperbole</u></b> - <i>exaggeration</i>	
<b><u>Alliteration</u></b> - <i>makes the sound repeat</i>	

**Step 3:** Drafting Time - let the ideas flow!DraftEdits or Notes
