Group 3	Group 4
Group 5	Group 6

What common themes or trends do you see in your data above? Disagreements, differences, and diversity are good ways for a community to grow, and how they are handled is important. What is most powerful in dealing with conflict? What are conflicts' root causes? What should be used in a peace plan?

Where or who in our local or global community helps model these themes?

What are 3 transformative words from today's lesson that should be added to our learning expedition wall?
