Brainstorm Activity Sheet: Part 1

Driving Question: How can we contribute to flourishing through physical transformation?

Use the following questions as a guide to think of ways we as a class could contribute to flourishing through physical transformation. At this point, no idea is a bad idea! Feel free to think BIG!

Remember when talking about physical poverty we mean: emergency relief, water, health and nutrition, education, economic development, Christian discipleship, and child protection.

1. How could we be a part of helping people “caught in a web” of poverty?
2. What impacted you most during the graphic organizer poster presentations?
3. What are local issues of physical poverty that we could address?
4. What could I change in my own life that would address physical poverty in my community or in the world?
5. How could we make a difference to physical poverty globally?
6. How could we make more of a difference in my sponsored child’s life?

Write your thoughts and ideas here:
