

# Make an ornament

- 1 Color the four circles and cut them out.
- 2 Fold each one in half, then glue the backs together so they form a stack.
- 3 Before gluing them into a ball, cut a 12-inch piece of yarn or string and fold it in half. Make a knot at the bottom so it forms a loop. This will be your ornament hanger.
- 4 Add a line of glue to the folds on your ornament, then press the yarn into the glue.
- 5 Paste the last two backs of your ornament together to form a ball. 
- 6 Hang the ornament on your tree as a reminder of God's great big love for you!

Find a gift to share hope  
with kids around the world!
