

## Accessibility Audit

Names of Group Members: \_\_\_\_\_

Which disability will you be auditing our school for: \_\_\_\_\_

### 1. Parking

a. Are there accessible parking stalls that are clearly labelled?

b. How many are there?

c. How far away are they from the entrance to the store?

d. What other factors are important for a person with your disability?

### 2. Entrance

a. Does the sidewalk or entrance to the store require climbing any steps? If so, describe them.

b. Does the door open automatically or with a push button? If not, how easy would it be for a person using a wheelchair or motorized scooter to open the door?

c. What other factors are important for a person with your disability?

Use the above guide to develop questions for other spaces in the school:

3. The gym

4. The Library

5. The hallways

6. A typical classroom

Any other considerations in our school building?
